The 2008 NMZNA seminar is set for April 19, 2008 at the Lake County Museum. The museum is located in Wauconda, Illinois. A map, link to the museum, and directions follow the article. The museum will be available for our members from 10:00AM until 4:00 PM; lunch will be served, and a lunch menu will be sent out closer to the show event. The cost for the event will be \$40 per person, which includes the cost of lunch.

Mat McCann of Quality Koi will be our speaker at the event; he will present information on koi varieties, and will include live koi. The koi will be offered for sale after the seminar. Details of the sale process will be explained in later issues of the newsletter.

The luncheon menu will be a Gourmet meat & Cheese island consisting of Medium rare roast beef, smoked breast of turkey, thinly sliced salami, honey ham and a variety of sliced domestic and imported cheeses with garnish trays. A variety of fruits will include: pineapple, strawberries, red & green grapes, cantaloupe, watermelon, and honeydew. Soda and water will be included as well.

After the meeting, members are invited to Peter and Palma Ponzio's house, which is located five minutes from the museum.

- Quality Koi Company strives to produce consistently high grade koi for both the retail and wholesale markets.
- Quality Koi Company distributes healthy, parasite and virus screened koi.
